

MATH 511 HOMEWORK (ON GRADESCOPE)

SIAMAK YASSEMI

Project

Due on July 27, 2024, 11:59 PM

Every student should prepare a report (1-3 pages) on proposing a single application-based question and solve them using the course techniques. For example, Bank Interest (page 254), Markov matrix (page 257), or Application in Economic (page 260). You are free to choose any other applications based on your major.
